PHS CHIEFS

H. C. Spitler,
Superintendent

Frank S. Jacobs,
Principal

"The Chiefs," with their many duties, are well known and admired by the student body. Through their excellent guidance, the Petoskey High School is a thoroughly democratic institution of high standing.

We wish to express our appreciation to the "Chiefs" and the "Chief's Council" for their tireless efforts in making our school days enjoyable as well as educational.

The Petosega Chapter of the National Honor Society was established in 1925 with the purpose of holding this society before the high school student body as a goal toward which all should strive. To become a member of this society, a student must be outstanding in scholarship, leadership, character, and service.

On May eighth, 1945, five members of the class of 1946, Winona Beard, John Dalton, Marilyn Sanborn, Blair Thompson, and Jackie Zipp, were formally initiated into this society. Blair Thompson was elected president for the next year; Winona Beard, vice-president; and Marilyn Sanborn, secretary-treasurer. Since Blair left in the fall of 1945 to further his education at the General Motors School at Flint, Winona was acting president for the year's activities of the society.

With the election of Albert Gruler, Barbara Hewitt, Jim Inglis, Beverly Mason, George John, Leo Peterson and Joan Rose to the organization, the quota of members for the senior class was filled. These new members were formally initiated into the society in a general assembly given early in April, 1946.

Under the leadership of Miss Beebe these eleven seniors and members of the faculty chose seven juniors to be members of this national organization. They are: John Batsakis, Mary Batsakis, Dorothy Brockway, Joan Guillaume, Peter Lashmet, Jean MacMillan, and Mary Edith Scott. The last meeting of the society for this year was early in May when these new members were initiated.

The Student Council is an organization designed to aid in settling such problems as directly concern the student body. The Council is composed of one representative from each advisory from the seventh grade through the twelfth grade, the senior class president, vice-president, and secretary-treasurer; the junior class president and vice-president; and the sophomore class president.

The Council has dealt with many interesting and worth-while projects this past year. One of its main duties was to O. K. all organizations and clubs that wanted concessions and dances after the games.

Students' neglecting to close their lockers made

it necessary for frequent checking, and before long the situation was greatly improved.

Sharing with the Senior Class, Junior Class and Band, the Council's money-making project was the concessions at the regional and district basketball tournaments.

The Council's outstanding activity was the erecting of a plaque in memory of Ensign Esther M. Tueling, a former faculty member of PHS. Miss Tueling was killed in an airplane crash September 17, 1945, while serving in the United States Navy. An impressive dedication service was held before the student body and local townspeople during May.

The official voice of Petoskey High School, the Hi-Light, is edited semi-monthly by the students of PHS under the supervision of an advisor appointed by the school administration.

Each year the advisor and the heads of the publication department set up a tentative staff for the coming year, thereby making it possible to begin publications soon after the fall semester begins. Any student may apply for a position on the staff by attending the open meeting in the spring and leaving his name with his preference as to what type of work he would like to do.

The Hi-Light staff is divided into two main departments, the editorial staff and the advertising staff, each equally important and interesting. The editorial staff is sub-divided into several sections, namely, the feature staff, which takes care of all jokes, inquiring reporters, feature stories and school gossip; the news staff, which covers all activities, organizations and school events; the sports

staff, which reports the play by play descriptions of all athletic contests; and the circulation and exchange staffs which see that other schools and out-of-town Petoskeyites get the Hi-Light, that we receive papers from other schools, and that the paper is distributed to PHS students. The advertising staff is composed of a business manager, who takes care of the books and the checking account; and the advertising manager, who makes out the ad assignments, collects them and puts them in the paper; and the ad staff, which has the difficult task of actually soliciting and collecting the ads from the merchants. Through the cooperation of these two staffs the paper that reaches the advisories every other Thursday is possible.

The Hi-Light staff began publications October 3, under the supervision of their advisor, Miss K. Elizabeth Miller, with Dorothy Brockway heading the staff the first semester and Jacqueline Zipp the second semester.

The 1946 Petosegan Staff was selected in October by the Petoskey High School Publications Board. This board is made up of the superintendent, principal, and the three senior high English instructors.

At the first meeting the staff decided that the yearbook of '46 would be based on some appropriate theme, that a stiff cover was desired, and that the book would be composed of more pictures, thus representing a greater number of students. We believe that these aims have been achieved with the exception of the stiff cover. This dream was not fulfilled since materials were not available.

Upon much thought and discussion the staff unanimously selected the "Indian theme." The yearbook's itself going under the Indian name of "Petosegan" since its creation and the native interest on this subject made it a highly appropriate theme.

It was not long before the school became Petosegan conscious as the many photographers began taking pictures, snap-shots were called for, information was gathered for the write-ups, and the sales campaign went underway. As in past years, the Student Council handled the selling of the

book through the advisories, and in addition, a booth was erected in the hall of PHS for the convenience of the students. Perhaps the most stirring feature of the campaign was the assembly program given before the student body.

The staff has worked hard on this year's Petosegan, and they hope that it will bring back memories in the years to come.

The Petoskey High School Pep Club was organized for the purpose of promoting pep and school spirit among the students, backing the team and assuming responsibility for the pep meetings.

Members of the club are chosen by a nominating committee consisting of the president and three members of each class, assisted by their class advisors.

Two nominees representing each class, one of which is elected into the club by their respective class members, are chosen by the nominating committee. The club also elects one representative from each class.

The Hi-Y Club is one of the most prominent clubs in the high school. It is composed of boys who believe in Clean Speech, Clean Scholarship, Clean Athletics, and Clean Living, which is the Hi-Y platform. The purpose of this club is to create, maintain, and extend throughout the school and community, high standards of Christian character.

This year's club, active as have been Hi-Y clubs of the past, engaged in many home meetings, ban-

quets, prepared the Spring Conference, sent delegates to Camp Hayo-Went-Ha, sponsored programs for football and basketball games, and engaged in numerous other activities.

A picnic was held at the close of school for departing senior members.

W. J. MacMillan and D. F. Quade are the faculty advisors.

The Sub-Deb Club is an organization composed of girls from grades nine through twelve with the purpose of working and playing cooperatively and pleasantly together.

Under a new constitution this group of ambitious and peppy girls has worked hard and happily this past year making a success of the dance they sponsored after a football game, football and basketball concessions, and a baked goods sale. These activities were the money-making projects for the year.

'Mid sweat and toil, laughter and fun, they also put forth every effort to make the New Year's party at the Chippewa Hotel, the "Spring Fling," and a hay ride pleasant events for memory books.

During the social portion of the semi-monthly

meetings the girls had demonstrations, discussions, and actual experience on fixing their nails and hair, arranging table decorations, serving luncheon refreshments, and learning the proper use of cosmetics.

The more serious side found them industriously mixed up in paste, scissors, ribbon, and what-have-you, making favors for various seasonal holidays and fixing cross-word puzzles on appropriate cardboard bases for the Junior Red Cross. They also collected stockings to be used in occupational therapy work at Fort Custer, tried their hands at knitting, and provided for a needy family at Christmas.

The advisor for this year, who worked faithfully and diligently with the girls, was Mrs. Marguerite Beckley.

The Varsity Club, organized by Catch Sebo in 1939, completed its eighth year of existence this spring under Coaches Kohnke and Buckmaster.

Members of the club are players who have won major athletic awards, and who rank high with their fellows in sportsmanship, character, personality and cooperative spirit. However, the winning of a letter does not insure membership into this organization.

There are no dues, and the funds are raised through projects and concessions. The club is not

affiliated with any other athletic organization of other schools: its activities are designed by the members under the supervision of the faculty advisors. Twenty members make up the membership for the 1946 Varsity Club.

A constitution has been drawn up and will go into effect upon its completion.

The outstanding event of the year was a banquet given in honor of the fellows by the three local men's clubs in Petoskey.

The Dramatics Club, under the supervision of Mrs. Stech, is an activity offered to all students of Petoskey High School. Curricular credit is given to all senior and junior members, while extra-curricular credit is given to the sophomores and freshmen.

The purpose of the club is to acquaint students with dramatic technique, and it also furnishes an opportunity for the study of outstanding personalities connected with the drama today.

This year the membership of the club enlarged to eighty-four. An opportunity is given for each member of the club to act in one or more plays before the group. The experiences gained in this way make a good foundation for later appearances

in class plays. Not only the acting field is considered in this club, for when class plays are presented members are chosen from the club to assist in make-up, stage setting, directing, and costuming. In addition to appearance in one-act plays, each member gave a recitation or appeared in a skit of her own choice.

The casts for the school plays are chosen largely from this group. This year the plays they presented were the junior play, "The Doctor Has A Daughter;" and the senior play, "The Ghost Flies South."

It isn't all work for these club members — during the year they were sponsors of a school dance and a basketball concession.

The Home Economics Club of past years was re-organized by Miss Marcia Griffen, home economics instructor, into the F. H. A. Mrs. Treadwell was chosen by the group as Chapter Mother.

The motto of the FHA, "Toward New Horizons," expresses the purpose of this organization, which is learning to live today in order that their lives and those of their families may be better tomorrow.

Various activities conducted throughout the year made up an interesting program for the FHA members. School pencils were sold to the students, a dance was given, concessions were sponsored at

some of the games, a winter sports party was given, squares for an afghan were knitted, and they entertained the Boyne City Club.

The FHA is planning to send two of its members to FHA Camp in the Upper Peninsula this summer for a week.

An entertaining and successful year was completed with the formal and informal initiation of the new members. They are: Doris Bluhm, Charlotte Chapin, Metta H. Hinds, Achsah Herrington, Gladys Taylor, Joyce Platt, Joan Krieg, Doris Stark, Nancy Cribbs, June Shank, Marceline Sevenser, Virginia Hutcherson, Ruth Ann Stolt, Betty Yahr, Joan Treadwell, and Joretta Johansen.

The Biology Club, the newest organization in the high school, was formed this year by Charles Price, the Biology instructor. The purpose of this society is to interest students in biology and to give interested students an opportunity for biological study outside of classroom work.

This club speedily became one of the most active in school. At their fortnightly meetings the members have visited various places of biological interest such as the Little Traverse Hospital, where they learned how the iron lung operates; the city utility building; and the Oden fish hatchery. On several occasions people who worked in various fields connected with biology spoke to the club.

The Biology Club has also taken over the sponsorship of the Noel Feather Memorial Library. A plaque and a picture of Noel mark the site of the library. The club's campaign for books for the library has been very successful and many interesting books of the several phases of nature study have been added to its shelves. Noel's advisory of classmates and many of his friends have contributed books to this memorial.

Social event of the year for the biologists was a school dance, "The Blue Note Bounce," which was given in the early spring.

The Art Department at Christmas

The art department, under the direction of Miss Frances Pailthorp, tries to carry out its program according to the current interests of the community.

This year, trips were taken to the Kellogg and Hildebrand Studios, allowing the students to see real artists at work. Other trips were taken to un-

usual places about Petoskey where the students had the opportunity to do sketching. Many fine sketches were made of the altars and statues in the Catholic Church.

At Christmas time the studio is full of pupils doing all sorts of things — such as painting stained glass windows, planning designs to be used on Christmas gifts, making masks to be worn by Santa Claus, and many other projects of interest.

In the pictures shown the sketches may be clearly seen. Some of these drawings are suggestions for outside movies, a scout circle, studio and workshop, scenic tower and tea room, and a community house, all of native interests. PHS has an art department that keeps up with the times and does much to further civic interests.

The Girls' Glee Club was represented in the fall and spring all-vocal concerts and in the Vocal-Band concert during the winter. The group will again sing for the Baccalaureate service. There are many outstanding voices in the club, thus enabling the group to sing many difficult numbers. Outstanding selections were: "Czechoslovakian Dance Song," "Peter Pan," "Echo Song," with double chorus, and "Peter Piper."

The Girls' Sextet chose five new members this

year, three becoming understudies, the other two replacing vacancies. It is the desire of the sextet to continue using understudies in order to have trained voices ready to occupy places left by graduation. The understudies not only rehearse with the regular sextet but have appeared with them on several occasions. The girls in the regular sextet are Dorothy Brockway, Dorothy Meyer, Joan McVay, Shirley Jacobs, Marilyn Sanborn, Betty Bailey, and accompanist, Mary Edith Scott.

The mixed choir has presented for the first time in several seasons two all-vocal concerts. They also gave a joint concert with the band immediately following the Christmas holidays. The choir has grown in the past two years to a membership of sixty.

A fund for the purchase of risers and new robes has been started, and as soon as materials are available, these will be purchased. Well-liked selections for the year were: "It's Me, O Lord," "Ride the Chariot," "Down South," "Reuben and Rachel," and "Will You Remember?"

The Instrumental Department, under the supervision of Max H. Smith, is one of the most active organizations in the Petoskey High School.

One of the high school band's main contributions to school life is the many performances at football and basketball games, pep meetings, Junior and Senior plays and the graduation exercises. The band presented three concerts during the year to large, appreciative audiences composed of students and local townspeople. The outstanding event this year was the band's participation in the Michigan State Band Festival at East Lansing. They also attended the Regional Band Festival at Traverse City.

A newly organized cadet band, composed of thirty-one seventh and eighth grade students, made its first appearance at the Petoskey-Harbor Springs basketball game. The purpose of the cadet band is to prepare the young people for the high school band. This band performed at one of the band concerts as well as attending the Regional Band Festival.

Last year Mr. Smith formed a school dance orchestra for the sole purpose of playing for school functions. This orchestra has played at several activities throughout the year and has met with high acclaim among the students.

The PHS Basketball Reserves, coached by Clifford Buckmaster, certainly gave a good account of themselves during the year. They won 7 of 12 games during the season. Despite losing five reg-

ulars to the first team, Byron Buck, Eugene Knight, Bob Chattaway, Jim Price, and Ormond Pailthorp, they kept on winning.

The Class of '48 started off their school career as freshmen with the election of Dick Thomas, president; Bill Davy, vice-president; and Betty Lou Walker, secretary-treasurer. The main attraction of the year was a class dance known as the Freshman Frolic. A picnic at the Municipal Cabin concluded their activities for the year.

As sophomores they sponsored a school dance in the gymnasium and handled concessions at various activities. Many of the members of the class have become active in the various clubs, organizations and musical groups, and they have proved invaluable in many of the school activities. A busy year closed for the sophs with a class picnic in May.

The Junior Class has had an active part in the activities of the High School during the past year. Under the capable leadership of its officers, it has had many successful social functions.

The high-light of the Juniors' career was the presentation of their class play "The Doctor Has A Daughter."

An outstanding event of the school year was the J-Hop, which the class presented in honor of the Seniors. The first phase of the Hop was the banquet held at the Petoskey-Bay View Country Club on May 15, the formal dance was given the following week. The gymnasium was attractively decorated along the theme of the Arabian Nights, and the very successful dance was attended by a large portion of the population of PHS.

A picnic closed a busy year for the class of '47.

CLASS HISTORY

In the fall of 1942 the class of '46, eighty five strong, entered for the first time the halls of Petoskey High School. To lead us through our Freshmen year we chose Blair Thompson, president; John Dalton, vice president; and Bill Olson, secretary-treasurer.

When we returned to school as sophomores, the membership of the class had increased to one hundred and eight. In this year we really got into the whirlpool of school activities, with our classmates becoming members of almost every organization in school. That year our main class projects were two dances and a spring picnic held at Petoskey Beach. Our officers were Joan Rose, president; Gerald Grossman, vice-president; and Bill Bischoff, secretary-treasurer.

Our Junior year was a busy and successful one. "Thin Ice," our first venture into the acting field, was enthusiastically received. In May of 1945 five of our classmates were honored by being elected

into the National Honor Society. The Junior-Senior banquet was held in May at the Petoskey-Bay View Country Club. The dining rooms were attractively decorated on a spring theme. The dance the following week was held in the gymnasium, with a Spanish town as the imaginary locale. Our activities for the year closed with a picnic held at the Petoskey Beach. Leading us through this eventful year were Blair Thompson, president; John Dalton, vice-president; and Kenneth Friend, secretary-treasurer.

The first act of our Senior year was the choice of Jack Wooden, Albert Gruler, and Joan Rose as officers. Our last stage production was the clever comedy "The Ghost Flies South," which we presented early in May. Climax to our high school career was the senior picnic, a huge success and a happy memory for all of us. As we one hundred and three graduates receive our diplomas, we find it isn't such a happy event after all—leaving PHS.

SENIOR CLASS ADVISORS

To the four senior class advisors who so willingly supported us in all of our activities, the class of 1946 wishes to express their sincere appreciation.

Left to right: Mr. Donald Quade, Miss K. Elizabeth Miller, Mr. Charles Price, Mr. Arthur Treloar.

THE BIG LODGE

The preceding pages represent school life in PHS as seen through the eyes of the graduating class of 1946.

To them, it means the end of their twelve years of education in Petoskey. Many members of this class will continue their education in the various colleges, others will be stepping immediately into the many jobs now obtainable, or, perhaps Uncle Sam will offer his guiding hand to some of the fellows. Wherever they may go and whatever they may do we wish you the best of luck, gang. Petoskey is confident of your ability, and the road to success is wide open to each and every one of you.
